Great Creator

Great Creator

Thatresourcesite.com

Cut apart pieces on lines. Mix up and match up animal silhouette pieces to animal name pieces. This game could be played like Concentration (flipped face down and turned in pairs to find matches), Go Fish or Great Creator.

Great Creator is like playing Old Maid except that God in His goodness created all of these things pictured and we want to be with Him. The person who is left with the Great Creator card in the end is the winner.
